

HR Management Testimonials from Prior Classes

“The whole class was very in depth. The instructor made this class an extraordinary learning environment with her enthusiasm, knowledge, and inspiration.”

“I really appreciated this class. It has made me excited about what I do again. I have thoroughly enjoyed every minute.”

“I feel like I should take this course once a year to remind me of EVERYTHING. There really are not very many people I could listen to for three hours coming straight from work. But I always felt like I learned a TON, and it was presented in an engaging, professional, fact-based manner.”

“This class has reenergized me to the field I really enjoy. I signed up for the class to prepare for the test, but I have gained so much knowledge and have so many ideas that I want to implement at my current company.”

“One of the things that I've enjoyed the most is watching the instructor and the passion that she has for H.R. Her excitement spills over in class, and that's what makes it fun.”

“I think MATC nailed the right instructor for this class; it's obvious she knows her role well from both a company compliance as well as an employee point of view.”

“After starting the HR management course at MATC, I immediately began to use information I was acquiring and when the class was over, I had a much clearer understanding how all of the components of an HR department should fit together and how to go about setting them up.”

“The instructor, Carol Nibley, was friendly, helpful and willing to answer questions we had and the few times she didn't know (and having an instructor that was willing to admit they didn't know everything was refreshing!), she would find out and follow up through e-mail or in the next class.”

“I have been able to redirect my department and move to improving it for my company and its employees.”

“I learned something that I can use on my job in every class.”

“I was promoted to the HR director right before I enrolled in this course and I began to implement concepts and ideas immediately.”

“The teacher's preparedness was amazing. She was so knowledgeable and helpful. She e-mailed us after class (if we requested) with additional information.”

“The skills I've learned will help me with all of my HR responsibilities. I'm so glad I took this class.”
